

Mission Statement Review Taskforce— Draft Mission Statements

Statement 1

To inspire and support members across all areas by providing:

- a foundation for actuarial education and professional development,
- guidance in the development of leadership capability,
- a focal point for public representation of the profession, and
- a platform for engagement on governance and regulation.

Statement 2

To ensure the valued role of actuaries in business and public policy by:

- Continually promoting the awareness of the skills of actuaries
- Building the talent base of actuaries by providing education standards and encouraging new and continuing members
- Fostering a vibrant forum for actuaries to engage in thought leadership and providing a network of peers
- Setting standards and guidance of professional practice which evolve with changing business, regulatory and community needs
- Extending the boundaries of actuarial practice to broader industries and a wider community

Statement 3

Promote actuaries in providing insight to and influencing business and society to be more resilient to future uncertain events through education, guidance, representation and research.

Statement 4

By providing a professional foundation and network of knowledge, we advance the ability of actuaries to provide leadership, insights and advice in an uncertain world across financial services, our society and beyond.

Current Actuaries Institute Mission Statement

- To support the professional and career aspirations of its members: To provide or arrange effective pre-qualification education and valued and inclusive continuing professional development programs and forums
- To promote research and the development of actuarial science and support the expansion of the profession into new areas of endeavour
- To provide practice guidance to help actuaries provide professional services of high quality and to maintain and enforce sound professional standards to protect the public and the reputation of the profession
- To represent the profession in Australia, and develop and promote the actuarial profession's value, including contributing to and informing debate on public policy and business issues
- To meet member service needs and expectations, including efficient Secretariat operation and financing, and provide valued member communications
