

Actuarial Analyst

Reinsurance Group of America, Incorporated (NYSE: RGA) is a leader in the global life reinsurance industry with approximately \$3 trillion of life reinsurance in force and assets of \$50.4 billion. A fortune 500 company, RGA serves clients from 26 offices around the world, delivering expert solutions in individual life reinsurance, individual living benefits reinsurance, group reinsurance, financial solutions, facultative underwriting and product development.

We combine experience with expertise and innovative thinking to create new opportunities and solutions for our clients. This has allowed us to be recognised as the leading life reinsurer in Australia and New Zealand having won Australia & New Zealand Reinsurer of the Year for the past four years at the Australian & New Zealand Insurance Industry Awards.

This is your opportunity to join one of the world's leading reinsurers as an Actuarial Analyst within our Valuations team in Sydney. You will work closely with the valuation, pricing, finance and operations teams to support the Valuation Actuaries and the Appointed Actuary to deliver financial insights to management. This role provides an exceptional opportunity for a motivated person to learn about the reinsurance business from leading reinsurance specialists while developing their technical skills in management reporting, capital management, and experience investigations.

As a part of an innovative team, this role offers you the opportunity to play an integral role in the successful delivery of key projects where your contribution is valued and provides you an environment to expand your skill base by working alongside other valuations and reinsurance professionals.

As the successful candidate, you will have a bachelor's degree in math, finance, statistics, actuarial science or a related field, accompanied by Part I & II subjects of the Institute of Actuaries of Australia (or equivalent overseas exams). We are looking for a highly motivated, results oriented and proactive individual with a willingness to challenge the status quo. Progress on Part III, subjects of the Institute of Actuaries, excellent communication skills and strong interpersonal skills will be highly regarded. An understanding of US GAAP is preferred, along with technical competence and advanced skills in software tools including Excel and Access.

In return, RGA Australia can offer you a competitive remuneration package and bonus with generous employee benefits, such as Life and Salary Continuance insurance, excellent career development, educational assistance and support, regular training and access to RGA's global network of resources and knowledge. RGA is proud to be an equal opportunity employer and complies with the WGE Act (2012).

We are problem solvers. We celebrate innovation. Tired of working "inside the box"? More than a job, joining us is an adventure in innovation. Please apply directly on the career page of our website www.rgare.com or by clicking on the following link: [Actuarial Analyst](#).
