## Injury & Disability Schemes Seminar

---

12 - 14 November 2017 • Sofitel • Brisbane

## adversarial model

Some workers “struggle through” the scheme

Process driven agents

High case handling costs

Ineffective deployment of resources

Customer often has no control

Customer service issues

May '16

## customers are asking for...

**Better  
communication**

**Better  
customer  
service**

**Faster claims  
processing  
times**

**Faster  
response  
time**

**Seamless  
integration of  
systems**

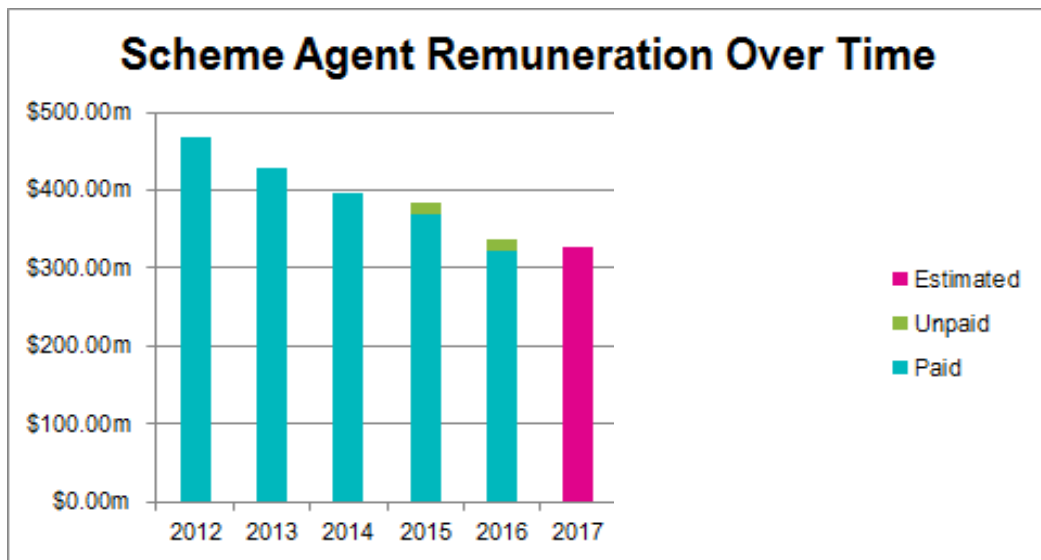

**Greater  
employer  
control**

**icare™**  
**MEDIA RELEASE**  
 16 October 2017

**icare's MEDICAL SUPPORT PANEL (MSP) A SUCCESS**

icare's 12-week pilot to provide medical treatment to customers sooner has been a success. The results to date have been so positive that icare has decided to extend the pilot to mid-November 2017, so that it can be scaled to a higher number of injured workers across the scheme.

## What are we working towards?

## Triage predictive engine

## Change • Challenge • Opportunity Injury & Disability Schemes Seminar

Injured  
worker

Claimant: Brian Nottle  
Date of Birth: 16 Feb 1958  
Current Age: 59  
Date of Injury: 01 Nov 2017  
Claim ID: 285436016

Brian Nottle has received an F1 Trauma to his shoulder. His profile is assessed against 15 possible risk factors and of these, 5 risk factors have flagged as medium risk for his situation. RTW guidelines have recommended a segment of **Support** based on a mid-range RTW for this injury of 10 weeks. Based on his risk profile, the Predictive Analytics Model has recommended the same segment, so Brian Nottle remains in **Support**.

\*\* Name has been changed

## improving analysis, identifying needs

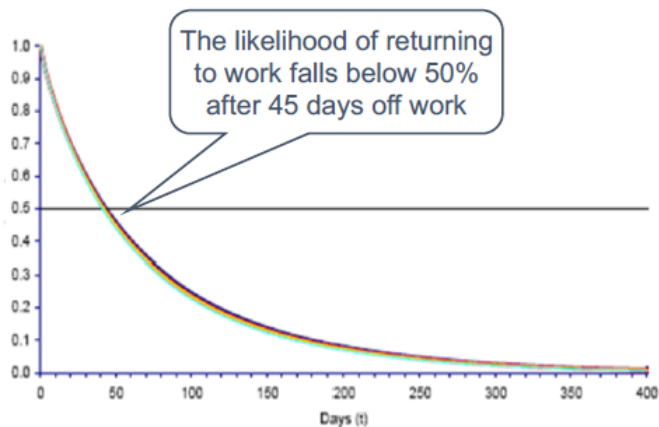

List of Risk Factors	Claim Attributes
✓ AGE AT DATE OF REPORT	59
✓ REPORTING DELAY	Delay longer than 28 days
✓ GENDER	Male
✓ HEADCOUNT	4126
✓ EMPLOYER SIZE	-
✓ CLAIMANT OCCUPATION	Technicians and trades workers
✓ PIAWE	Over \$1380 per week
✓ HOURS OF WORK	36 hours per week
✓ CLAIMANT REGION	Central West
✓ WORKPLACE REGION	Port Macquarie
✓ NATURE OF INJURY	F1 Trauma to joints and ligaments
✓ LOCATION ON INJURY	Shoulder
✓ DISTANCE BETWEEN WORK AND HOME	470km

## broader range of risk factors

Likelihood of return to work after time off work
