Presented by: Kent Griffin

Wednesday 3 October 2012  
5.30pm - 7.30pm  
Actuaries Institute  
Level 7, 4 Martin Place, Sydney 2000

APRA's ICAAP requirements will become effective as of 1 January 2013.

Under the framework it is anticipated that ICAAP will be developed by Senior Management with active engagement by the Board in its development and implementation. The two key deliverables - the Summary Statement and the Annual Report - will encompass the interaction of risk management, capital management and strategy.

This session will identify what implications this will have for the future role of the Appointed Actuary and the Financial Condition Report.
